Verse 1

In every valley
He has been faithful to provide
Even in shadows
He scatters darkness with His light

Verse 2

In every season
He has sustained me with His word
And like a Good Shepherd
He leads me steady and secure

Chorus 1

O look what God has done
He's been here all along
All through the changing of the tides
He's been constant He's been kind
O look what God has done
His love surrounding us
All through the fire and the flood
He's always been enough
He's been enough

Verse 3

Let's build an altar
Worship together and bow down
In awe of His wonders
Let all of Heaven hear the sound
